TECHNICAL PROJECTS & PROFESSIONAL EXPERIENCE PROFILE

Applicant Name: Sujal Movaliya

Education: Computer Engineering
Institution: Chhotubhai Gopalbhai Patel Institute of Technology ,UKA tarsadia university

Contact: 8511847785

1. CORE TECHNICAL EXPERTISE

Category	Details
Specialized Domains	AI,Machine learning,Autonomous Systems and Native Android Development,Drone Technology (Avionics),web devlopment
Languages	Java (Android), Python (AI/ML), JavaScript (MERN Stack), C, C++.
Data Management	SQLite (Local Storage), MongoDB (Cloud), Database Architecture.
Tools	Android Studio, Git/GitHub, Linux, Drone Flight Controllers.

2. KEY TECHNICAL PROJECTS

Here is a summary of key technical projects that demonstrate specialized skills:

Project 01: Smart Kisan App | Codeversity x IIT Gandhinagar Hackathon

Project url :- https://smart-kisan-gccf.vercel.app/

Detail	Description
Venue	IIT Gandhinagar

Detail	Description
Description	Developed an AI-integrated mobile application designed to provide real-time risk support and decision-making for smallholder farmers.
Core Tasks	Built predictive algorithms to process environmental data and provide actionable agricultural insights.
ISRO Relevance	Demonstrates the ability to develop reliable AI models for critical resource management and real-world problem-solving.

Project 02: V-Try – AI-Powered Virtual Try-On (Image-to-Image)

Detail	Description
Technical Stack	MERN (MongoDB, Express, React, Node), Generative AI Models.
Description	Developed a virtual try-on platform that utilizes **Image-to-Image generation models** to realistically overlay clothing onto user images.
Core Tasks	Focused on image processing, model inference, and the seamless integration of generative AI within a web environment.
ISRO Relevance	Proficiency in Image-to-Image AI is highly applicable to satellite imagery enhancement, remote sensing, and computer vision tasks.

Project 03: College Feedback System (Android App)

Detail	Description
Technical Stack	Java, XML, SQLite.
Description	Designed and developed a native Android application to streamline the collection and analysis of student feedback.

Detail	Description
Core Tasks	Built a robust local database architecture using **SQLite** for offline data management and implemented secure user authentication.
ISRO Relevance	Showcases expertise in mobile application development and local database management, vital for building field-testing tools and internal data-logging systems.

3. PROFESSIONAL TRAINING & HACKATHONS

Drone Technology Hands-on Training | SVNIT, Surat

- **Institution:** Sardar Vallabhbhai National Institute of Technology (SVNIT)
- **Experience:** Intensive training in **UAV mechanics**, flight controller calibration, and autonomous navigation.
- **Key Learnings:** Mastery of UAV flight dynamics and embedded systems—experience that aligns directly with the **Avionics and Control Guidance** divisions at VSSC.

Competitive Programming & Hackathons

- **Codeversity Hackathon (IIT Gandhinagar):** Proven ability to move from concept to a functional prototype in an intensive, high-pressure setting.
- **Smart India Hackathon (SIH):** Participated in this national-level initiative to solve pressing problems through digital innovation. For details on the event, please see the link to the calendar event .
- **InnoSprint (Internal College Hackathon):** Actively engaged in rapid software development and system design within a competitive internal environment.

इलेक्ट्रॉनिकी एवं
सूचना प्रौद्योगिकी मंत्रालय
MINISTRY OF
ELECTRONICS AND
INFORMATION TECHNOLOGY

SwaYaan

S. V. National Institute of Technology, Surat

and

C. G. Patel Institute of Technology, Bardoli

THIS IS TO CERTIFY THAT

Movaliya Sujal Jayendrabhai

has successfully completed the Bootcamp on

"Fundamentals of Unmanned Aerial System (UAV) and Applications"

with a proficiency level of 95.0 %.

This bootcamp is funded by Meity, Govt. of India under the project "SwaYaan - Capacity building for Human Resource Development in Unmanned Aircraft Systems (Drone and related Technology)"

Conducted at SVNIT, Surat

During the period 09 - 13 February, 2026

Dr. Rachna Patel	Dr. Suresh Dahiya	Dr. Dipti Rana	Dr. Anand Darji
Co-Coordinator	Co-Coordinator	Co-coordinator	CI, Project SwaYaan

Codeversity
A National Level Hackathon

Certificate

of Participation

This is to certify that

SUJAL MOVALIYA

from **Team Coffee&&Commit**
has successfully participated in the Codeversity National Level Hackathon 2026 under the domain of **Artificial Intelligence**, held from **6th – 8th February 2026 at IIT Gandhinagar.**

2026

Dileep Kumar
Program Manager

Pahi Shrivastava
Public Relations

6th - 8th February 2026

CERTIFICATE NO: COD1043VER

Codeversity
A National Level Hackathon

CERTIFICATE

OF PARTICIPATION

This is to certify that

Sujal Movaliya

has participated in the

Artificial intelligence

Workshop held at IIT Gandhinagar on 6th February 2026.
